

GRADES
1 to 8

NEW
LESSONS!

Gr 1 to 5~ complete in as little
as 1 week
Gr 6 to 8 – complete in as little
as 2 weeks

Investigate! Invent! Innovate!
THE LEARNING PARTNERSHIP

INSPIRE INNOVATION IN YOUR CLASSROOM!

Ideally suited to **VIRTUAL**, **BLENDED** or **IN-CLASS** learning environments
EXPERIENTIAL learning embeds STEAM skills and global competencies
FREE to educators in publicly-funded schools across Canada

NEW!

- Two streams for Grades 1 – 5 (5 lessons) and Grades 6 – 8 (10 lessons)
- Condensed program opens up the world of invention and creative problem-solving to your students while exceeding provincial curriculum requirements
- Flexible, curriculum-aligned lessons are easily integrated into teaching plans
- **FUN** and **EASY TO TEACH** with a dashboard of resources including pre-recorded training, a student activity toolkit, and a Global Competency Reflection Journal for students to track their learning

IDEAL
for
2022!

EDUCATOR TRAINING

Pre-recorded and live trainings for each lesson set teachers and students up for success!

Curriculum & Training
Partner: Logics Academy

NEW TEACHING RESOURCES

Flexible set of professionally-developed lesson plans, curriculum connections, student toolkit and **new** student Global Competencies Reflection Journal.

NATIONAL INVENTION CONVENTION

Opportunities for students to showcase their work, receive feedback from trained volunteers from the working world, and share their passion for invention!
